

COX® SEMINARS

F/D Enterprise LLC

429 E. Dupont Rd., PMB 98

Fort Wayne IN 46825

www.coxtechnic.com

You are in demand.

Non-surgical, evidence-based protocols to relieve and manage spinal pain are in demand. Dr. James M. Cox, founder of the Cox® Technic System of Protocols for Spinal Pain Relief and Management, leads a team of top-quality instructors and courses to share the research and science and documented protocols for you to duplicate in your practice. Register today.

The Academy of Chiropractic Orthopedists accepts attendance at Cox® Seminars by F/D Enterprise LLC for their Fellows to pursue re-certification status in the ACO.

Cox® Technic is American Chiropractic College of Orthopedists' approved technology.

Cox® Seminars 2011

The Cox® Technic System of Spinal Pain Management: Biomechanics, Examination, Diagnosis, Treatment, Patient Interaction and Education

PART I PART II

Los Angeles CA

January 22-23, 2011

Embassy Suites Airport South

Orlando FL

March 26-27, 2011

Walt Disney World Swan & Dolphin

Lombard, IL

November 18-20, 2011

National University of Health Sciences,
Lombard campus

PART III

Maui, Hawaii

February 19-20, 2011

Hyatt Regency Maui Resort & Spa

Nashville, TN

October 8-9, 2011

The Gaylord Opryland Hotel

co-sponsored by
F/D Enterprise, LLC &

1-800-441-5571

Cox® Technic is a chiropractic spinal manipulation treatment protocol. The **Cox® Technic System of Spinal Pain Management** incorporates the biomechanical and clinical skills based on research-tested and proven protocols to relieve spine pain related to disc and non-disc causes. Cox® Technic is not simply flexing or distracting a table in hopes of relieving pain. Cox® Technic is a system of biomechanical knowledge, diagnosis, treatment & patient education using published research to control spine pain non-surgically.

The **demand for effective, non-surgical care** of spine pain has never been greater. Spinal stenosis and disc herniation are an epidemic in the U.S. and the world. It absorbs over 90% of the cost in treating back pain. Back surgery success is 50/50 which frustrates both patient and insurance payer. We can also help post-surgical patients, but to keep them from surgery is an even better goal. To offer non-drug, effective treatment for simpler back pain may allow patients a higher quality of life with the option of controlling their spine pain so it doesn't control them. **Your expertise with Cox® is needed more than ever in chiropractic to answer this epidemic.** Will you participate?

Cox® Technic Certification Courses are designed to share the Cox® Technic System of Spinal Pain Management. Certification is available after attending Parts I & II and passing the Certification Examination at Part II. Maintenance of active certification status requires attending one course (Part I, II or III) once every two years to keep abreast of the latest research regarding Cox® protocols.

www.coxtechnic.com/education.html—*syllabus, schedule & hotel details*

Part I focuses on the research-documented academic and practical foundations of Cox® Technic Flexion-Distraction and Decompression. Via powerpoint® presentations, videotaped clinical patient cases and discussions, and instructor-lead hands-on training, the attending physician is introduced to Cox® Technic, particularly for non-disc related conditions.

Part II focuses on the evidence-based clinical protocols of Cox® Technic for disc related conditions via academic presentations sharing published literature on the biomechanical behavior of the disc as well as the clinical outcomes of Cox Technic on the disc. Hands-on instruction focuses on the proper application of forces and protocols for radicular and non-radicular spine pain.

Part III uniquely engages the attending physician with practical guidelines for applying Cox® Technic in the clinical setting and interacting with the local healthcare and patient community. Presentations focus on sharing the latest research findings on Cox® Technic (Health Resources & Services Administration, FCER, journal published), highlighting certified doctors' clinical outcomes via their case presentations and patient clinical rounds as well as their unique practice situations (hospitals, medical groups, multidisciplinary groups, etc.), and setting goals for the future of the technique. This most exciting weekend is appropriate for anyone to attend as it is a showcase for success of Cox® Technic in the field.

Special Presentations are arranged with other sponsors for Cox® Technic. Our instructors present the on-going research updates and academic basis for the Cox® Technic system of protocols.

- February 26, 2011—Palmer College of Chiropractic Florida Homecoming—3 hours—Kruise
- March 5, 2011—Indiana State Chiropractic Association—8 hours—Cox, Gudavalli, Joachim
- April 16-17, 2011—National University of Health Sciences—12 hours—Cox & Terry Yochum DC
- April 30, 2011—American College of Chiropractic Orthopedists Convention—4 hrs—Kruise
- May 21-22, 2011—National University of Health Sciences Florida—12 hrs—Cox & Terry Yochum DC
- October 22-23, 2011—New York College of Chiropractic Seneca Falls—12 hours—Cox

Important: Every attempt is made to offer this program as publicized. However, F/D Enterprise, LLC, and/or the NUHS Postgraduate Division reserve the right to adjust program dates, locations, times, instructors, etc., to accommodate unexpected faculty or student needs and cancel due to insufficient enrollment. For this reason, we do not recommend at-the-door registration without prior confirmation of seminar status. Attendance will be limited; please register for the program prior to making arrangements (hotel, travel). F/D Enterprise, LLC, and NUHS are not responsible for any expenses incurred by registrants due to program adjustments or cancellation. **If license renewal credit is needed, please inquire if this course is approved for your state. If you cannot attend a registered course, you will have a year from date of payment to use the credit paid already toward another seminar. No refunds.** There is a \$30 registration transfer fee plus any difference (if applicable) in tuition for the future course. **NOTE:** Audio and video recorders are NOT permitted. The Cox® Table for hands-on is provided courtesy of Haven Innovation. www.coxtable.com

Program Registration — Cox® Seminars

12 hours (except Maui**)
 Certified DC — \$395/445 late*
 DC — \$465/\$515 late*
 Student — \$200/250 late*
 Faculty — \$245/295 late*

18 hours Part II
 DC — \$595/650 late*
 Certified — \$395/445 late*
 Student — \$325/375 late*
 Faculty — \$370/415 late*
 Exam fee — \$75

* Any registrations received within 2 weeks of the class date are considered late.
NOTE: Each registration includes 1 state's CE filing free. Additional states for CE are \$25 each.

- Part I—**Los Angeles CA**—January 22-23, 2011
- Part II—**Maui HI**—February 19-20, 2011
 Sat 8am-2pm; Sun 8am-2pm
 **\$425 certified DC / \$475 DC / \$200 student / \$245 faculty
- Part I—**Orlando FL** (WDW Swan & Dolphin)—March 26-27, 2011
- Part I—**St. Louis MO**—April 30-May 1, 2011
