Procedure for Donating/Supporting Cox® Technic Flexion Distraction & Decompression Spinal Manipulation Research

Mission of the Cox® Funds:

To foster research efforts of Cox® Technic Flexion Distraction & Decompression Spinal Manipulation for spinal pain patients.

How Is the Cox® Fund funded?

Donations from doctors, patients, and any other interested parties are directed to the Fund of the donor’s choice.

- *Note:* All royalties due to Dr. Cox from the sales of his **textbook, Low Back Pain: Mechanism, Diagnosis, Treatment, 7th edition** are given to the Cox® Fund at Keiser University College of Chiropractic Medicine direct from the publisher (Wolters Kluwer Lippincott Williams & Wilkins).
- *Note:* The **video of the cadaver research** done at the National University of Health Sciences is available only via donation to the Cox® Fund at NUHS as the video is property of NUHS. The 9 minute video shows the movement of facets under Cox® Technic as well as other findings from the first federal grant which studied the biomechanics of flexion-distraction. Value is \$15. Receipt for Donation will be \$15 less than actual donation for tax recording purposes.

How are the Monies in the Cox® Fund Used?

The funds are used to support researchers’ efforts either as seed money for “pilot projects” to demonstrate a new project worthy of funding to a funding agency or as supplemental money to keep current research projects moving forward.

Donation Checks

Please (1) make check payable to “**NUHS - Cox® Fund**” or “**Keiser University College of Chiropractic-Cox® Fund**”, (2) put on the **MEMO LINE: COX® FUND**, & (3) send it to
James M. Cox, DC / COX® FUND
429 E. Dupont Road #98
Fort Wayne IN 46825

Shortly after receiving your donation, you will receive a receipt for your donation (and copy of the video from NUHS if you chose that option less \$15 value) from the respective donation institution.

Thank you for your generosity and support of chiropractic research,

Jim

James M. Cox, D.C., D.A.C.B.R., F.A.C.O.(H), Hon.D.Litt.
Diplomate, American Board of Chiropractic Radiology

Donator: _____ Total Amount of Donation: \$ _____
